# WHO ARE WE?

## About

The **Santosh Reddy International School** is an IIT Based, Residential & Day-scholar and AC Campus School in Hyderabad. One of the best educational institutions in the city to educate children for life to help achieve their dreams and thus bring about a change in the society

### Vision

To educate young minds and foster ethical, social and moral values through holistic learning and groom them into responsible global citizens.

### Mission

Our mission is to provide the students with confidence and skills of a higher order, acquired through innovative learning and technology.

### Motto

Our school envisions the student to become moral, empathetic, and socially responsible citizens of the country, who are rooted to their culture and are ready to accept any new challenges with a fresh approach towards learning.

**SANTOSH REDDY**  
INTERNATIONAL SCHOOLS

KEEP YOUR CHILD IN EDUCATED PERSON  
FOR FUTURE GROWTH

## Key Skill: 1

# CONCEPTUAL UNDERSTANDING WITH 5C APPROACH

### CONNECTED TO PRIOR LEARNING

Students build on  
What they have already  
covered in the class to  
learn and understand  
new concepts.

### CONNECTED TO LIFE

The curriculum helps  
students in discovering  
the connections between  
what is being learned  
and real life.

### CONTEXTUAL

The curriculum  
allows students to  
construct meaning  
based on their  
surroundings and  
setting.

### CONCENTRIC

Responsibility for  
learning is gradually  
shifted from teachers  
to students in each class

### CATERS TO ALL LEARNERS

The curriculum  
keeps in mind and  
works with the needs  
and pace of different  
students

Nursery to 10th grade, as well as the CBSE curriculum

**SANTOSH REDDY**

# Key Skill: 3

## COMMUNICATION SKILLS

**ELGA**  
English Language and  
General Awareness

ELGA Focus on Speaking  
Expression and Listening  
Comprehension

**LEAD**  
Championship

LEAD Championship enables students  
to display their talent and demonstrate  
their knowledge & skills thereby winning  
exciting prizes.

**Student-Led Conference**  
Students Act as Teachers

Students act as teachers for the day  
and explain a concept or give a short  
demonstration on a topic of their choice.  
This develops their confidence and public  
speaking skills.

# Key Skill: 5

## Exposure to extracurricular activities in the form of

### Quiz Competition for students to highlight their talent

Quiz competition in which students from schools all over India compete in English, Mathematics, and Science.

### Personality development classes

We conduct personality development classes that teach students about how to communicate and display their talent and leadership skills. These classes also emphasize on personal management, grooming, health, and nutrition, as well as on soft skills. The curriculum educates students on the numerous aspects of self-development.

### Coaching techniques Exclusive coaching program for talented students to top board exams

Students are selected through an entrance test to prepare them for merit scholarships in board examinations.

## UPCOMING GENERATION COURSES

### IIT Foundation

IIT(JEE/NEET) Foundation is a starting point for students in 6th grade. Sometimes also called "IIT Launching Programs," the foundation course helps students become mentally and strategically strong when they start studying IIT JEE concepts and topics, ideally from 6th grade on.

### Civil Foundation

The Foundation Course for school students is designed by experts to equip them to crack UPSC Exams in future. The students will be given training in public speaking, group discussion, leadership activities, debates and interview skills.

### CA Foundation

Chartered Accountancy or commonly known as CA, is a professional course that equips one with technical knowledge to manage finance, accounting and taxation for an organization or any business entity.

# LABS

School labs are a great place for students which help them enhance their learning by understanding the theoretical concepts of science which are taught in classrooms. Well-designed laboratories not only make science experiments fun but also help students in achieving good academic results.

**Computer Lab**

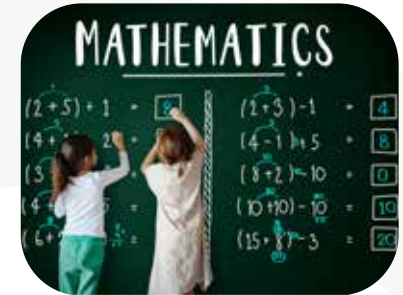

**Science Lab**

**Social Lab**

**Language Lab**

**Mathematic Lab**

Nursery to 10th grade, as well as the CBSE curriculum

# Interacting with Parents

We involve the parents at every important stage, instead of the routine approach of parent teacher meetings. Any specific aspect concerning a student is brought to the notice of the parents and discussed, be it positive e.g., an exceptional ability for instance - in mathematics, or negative e.g., an unduly aggressive behavior.

This proactive approach enables both nipping of a negative trait in the bud, and identifying a special talent at an early stage. All this enables the students to explore their minds and discover their own self to acquire skills.

## SKATING

Skating helps your child build their endurance at a young age. It helps in strengthening muscle endurance. If your child learns to skate skillfully, uphill climbs train their muscles along with their cardiovascular system to utilize their energy more efficiently

## ARCHERY

Archery improves mental toughness. Archers not only need physical strength, but also mental strength. Just by practicing archery, young archers will learn patience, focus, and self-motivation

Nursery to 10th grade, as well as the CBSE curriculum

## Swimming Pool:

Water activities, especially for the youngest of children, provide the opportunity to learn life skills and healthy habits. Whether integrated into the daily schedule or treated as an extra-curricular option, a swimming pool is an extremely valuable facility for students' physical and mental health
